TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; testing or examining your eyes; prescribing glasses, contact lenses, or eye medications and faxing them to be filled; showing you low vision aids; referring you to another doctor or clinic for eye care or low vision aids or services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or vision care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense or legal matters; business planning; and outside storage of our records.

We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside our office for these reasons, [we will] [we usually will not] ask you for special written permission.

We will ask for special written permission in the following situations: _____

APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form". The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation you will give us a properly completed authorization form, or you can use one of ours.

If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing.
